The Election.
The Democrats of Washington County are Victorious.

Every Candidate Elected Except County Treasurer.

It was our intention to give the entire vote in each precinct, as cast for all the candidates—County, State and Congressional—but up to the time of going to press this (Saturday) afternoon, we have been unable to get it; however, we managed to get the total vote for a few of the candidates. What we succeeded in getting follows:

For Congress
S. M. Sparkman.....348
E. R. Gunby.....257

For Representative
W. E. Coleman.....280
Louis Wiseloge.....45
Henry Bush.....277

For Tax Collector
John W. Williams.....304
Eathan Palmer.....208

For Tax Collector
A. Q. Jones.....319
Levi Yates.....313

For County Treasurer
R. C. Horne.....241
T. J. Mobley.....182
G. J. Parish.....262

The above figures are those given out by the official canvassing board; hence, are correct.

We will give next week, if we can possibly get it, the vote for the State officer and Constitutional amendments.

SPARKS
From the Election in Other States.

New York is Republican. Roosevelt for Governor, was elected over Van Wyck by 20,000 majority. The Democrats, however, gained a few Congressmen.

Pennsylvania is Republican, but by a greatly reduced majority to what it was in 1896.

North Carolina, which has practically been under negro rule for two years, changed front last Tuesday, and once the State government is in safe and competent hands; the Democrats winning by more than 30,000 majority.

Kentucky has redeemed herself by swinging back into the Democratic column. Thus, again the South presents a solid front to the enemy.

The Republicans gained the day in all the Northern states, though with greatly reduced majorities in nearly every instance.

In 1900 the battle-royal will be fought, and we predict that it will be the hottest contested political fight ever known in the history of the country; and at present everything points in the direction of an overwhelming victory for the Democratic party.

WHAT IT DID.

In compliance with a request from State Health Officer Joseph Y. Porter, we gladly publish the following, which was clipped from Florida Health Notes:

"Some months ago the State Board of Health sent to each postmaster in Florida a placard, to be tacked up conspicuously. This poster said:

Whatever is dangerous to human life or health, and whatever renders soil, air, water or food impure and unwholesome, is a nuisance and is illegal; and every person who creates or contrives to the same, or who may support, continue or retain the same, is guilty of a violation of the regulations of the State Board of Health and liable to prosecution in the courts of the State. Communicate with the State Board of Health, Jacksonville, Fla.

Since then we have received numerous complaints of unsanitary conditions existing in various places, which have been almost immediately remedied through our local sanitary agents stationed in each county. The matter is again brought to mind, just as Notes goes to press, by a gentleman residing at Westville, Fla., who states that he has read the placard and wishes to call attention to unsanitary conditions in his town. We have ordered the matter investigated by the nearest county agent.

THE BEST PLASTER.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on to the affected parts is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief which it affords. Pain Balm is also a certain cure for rheumatism. For sale by F. R. Farrior.

FROM NEW ZEALAND.

Reefton, New Zealand, Nov. 23, 1896.
I am very pleased to state that since I took the agency of Chamberlain's medicines the sale has been very large, more especially the Cough-Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

Delicate Children

They do not complain of anything in particular. They eat enough, but keep thin and pale. They appear fairly well, but have no strength. You cannot say they are really sick, and so you call them delicate.

What can be done for them?
Our answer is the same that the best physicians have been giving for a quarter of a century. Give them

Scott's Emulsion

of Cod-Liver Oil with Hypophosphates. It has most remarkable nourishing power. It gives color to the blood. It brings strength to the muscles. It adds power to the nerves. It means robust health and vigor. Even delicate infants rapidly gain in flesh if given a small amount three or four times each day.

MONTHLY SUFFERING.

Thousands of women are troubled at monthly intervals with pains in the head, back, breasts, shoulders, sides, hips and limbs. But they need not suffer.

These pains are symptoms of dangerous derangements that can be corrected. The menstrual function should operate painlessly.

McGEE'S Wine of Cardui

makes menstruation painless, and regular. It puts the delicate menstrual organs in condition to do their work properly. And that stops all this pain. Why will any woman suffer month after month when Wine of Cardui will relieve her? It costs \$1.00 at the drug store. Why don't you get a bottle to-day?

For advice, in cases requiring special directions, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Co., Chattanooga, Tenn.

Mrs. ROZEENA LEWIS,
of Greenville, Texas, says:
"I was troubled at monthly intervals with terrible pains in my head and back, but have been entirely relieved by Wine of Cardui."
